Docket Nos. 50-317  
50-318  
License Nos. DPR-53  
DPR-69

ATTENTION: Mr. Thomas T. Martin, Director  
Division of Radiation Safety & Safeguards

SUBJECT: Inspection Report 50-317/85-31, 50-318/85-26; BG&E Response to

REFERENCE: (a) BG&E letter from Mr. J. A. Tiernan to Mr. Thomas T. Martin,  
dated January 13, 1986

Reference (a) responded to finding 317/85-31-01 from the subject NRC Inspection Report by stating, in part, that the results of an evaluation of Control Room envelope inleakage and, if necessary, a Control Room Operator dose calculation would be provided by February 1, 1986. Due to an overly optimistic estimate of the effort required, the results of the subject evaluation have been delayed and will be provided by March 7, 1986.

We regret any inconvenience caused by this delay. Should you have further questions regarding this matter, we will be pleased to discuss them with you.

Very truly yours,

M. E. Bowman  
General Supervisor  
Technical Services Engineering
