Docket No. 50-315
Docket No. 50-316

American Electric Power Service Corporation
Indiana and Michigan Electric Company
ATTN: Mr. John E. Dolan
Vice Chairman
Engineering
2 Broadway
New York, NY 10004

Gentlemen:

In reviewing our letter of December 2, 1981, concerning admittance of Region III personnel to your facility, we have determined that the following corrections should be authorized as listed below.

Please delete the following individuals from Enclosure 2 and add to Enclosure 1.

<u>Name</u>	<u>Region III Organization</u>	<u>Badge No.</u>	<u>Clearance</u>
Wm. Key, Jr.	Engineering Inspection	A 058	Q
K. D. Ward	Engineering Inspection	A 119	Q
I. T. Yin	Engineering Inspection	A 112	Q

Please add these individuals to Enclosure 1.

<u>Name</u>	<u>Region III Organization</u>	<u>Badge No.</u>	<u>Clearance</u>
J. Heller	Reactor Projects	A 126	Q
B. Jorgensen	Reactor Projects	A 077	Q
J. Waters	Reactor Projects	A 098	Q

This certifies that the individuals listed are employees or contractors of the U.S. Nuclear Regulatory Commission. To our knowledge, they do not possess adverse character traits or indications of aberrant behavior. They have been screened to the national level (including a criminal records check); no disqualifying offenses were noted. Trustworthiness has been determined by a review of their employment records. Based on the above, I recommend that these employees be granted unescorted access to the vital areas of your facility.

A "Q" access authorization is based on a satisfactory full-field investigation conducted by the Office of Personnel Management (OPM), the Federal Bureau of Investigation (FBI), or another U.S. Government agency which conducts personnel security investigations. An "L" access authorization is based on a satisfactory National Agency Check (NAC) conducted by the Office of Personnel Management.

We appreciate your cooperation in this matter.

Sincerely,

Original signed by
