Docket Nos. 50-315
and 50-316

American Electric Power Service Corporation
ATTN: Mr. John Dolan
Vice President
1 Riverside Plaza
Columbus, Ohio 43216

Gentlemen:

We have received a copy of your application dated June 28, 1985, which was filed with the Office of Nuclear Reactor Regulation (ONRR) for review. This application requested an extension of the environmental qualification deadline for the Donald C. Cook Nuclear Plant Unit Nos. 1 and 2.

The ONRR staff has informed us that your application has not been reviewed nor will be reviewed since the NRC policy no longer allows such extensions. Therefore, a refund or credit of \$150 is appropriate. If you wish to be given credit for the \$150 application fee, you need only reference Check No. 0850114 dated March 26, 1985, in a future application and we will apply the \$150 application fee to that request. Please advise us whether you wish to be given credit for the \$150 application fee or if you wish us to make a refund to your Corporation.

Sincerely,
