Docket No. 50-315  
Docket No. 50-316

Indiana Michigan Power Company  
ATTN: Mr. Milton P. Alexich  
Vice President  
Nuclear Operations Division  
1 Riverside Plaza  
Columbus, OH 43216

Gentlemen:

SUBJECT: REQUALIFICATION EXAMINATION REPORT

On June 18 and 27, 1990, the NRC administered requalification examinations to employees of your organization who operate your D.C. Cook Nuclear Power Plant. At the conclusion of the examination, any generic findings that evolved as a result of the examinations were discussed with those members of your staff identified in the enclosed report.

Since the examinations administered were retakes from the NRC Requalification examination administered in December 1989, a Program Evaluation was not performed.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter and the enclosures will be placed in the NRC Public Document Room.

Should you have any questions concerning this examination, please contact us.

Sincerely,

ORIGINAL SIGNED BY GEOFFREY C. WRIGHT

Geoffrey C. Wright, Chief  
Operations Branch
