Emergency Planning Requirements

Mr. Harold R. Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D. C. 20555

Dear Mr. Denton:

We are currently undergoing management review and final typing of the Donald C. Cook Nuclear Plant Emergency Plan and we are unable to meet the submittal date of January 2, 1981.

There are several other contributing factors which have caused us to delay re-issuing the revised emergency plan originally submitted to the NRC on November 9, 1979. There are:

1. Revision 1 to NUREG-0654/FEMA-REP-1 was not published and distributed until late November 1980; we received it on December 1, 1980. Our revised version of the emergency plan will address the changes made to Revision 1 to NUREG-0654.

2. On October 9, 1980 and again on December 9, 1980 the State of Michigan and Berrien County exercised their emergency plans in response to a simulated nuclear incident at D. C. Cook Plant (Indiana & Michigan Electric Company) and the Palisades Nuclear Plant (Consumers Power Company), respectively. Due to these exercises the State and County (local) emergency plans were not finalized and subsequent changes and revisions were expected. We have requested updated copies of these plans and expect to receive them in December 1980. It will be necessary to review these plans in order to ensure that the entire concept of operations between the Plant, State and County is consistent and that there is a clear, well-structured interface between these plans.

3. Reproduction of the Michigan and Berrien County Emergency Plans is required in order to submit sufficient copies to the NRC and Region III, along with our revised emergency plan.

We therefore request that Indiana & Michigan Electric Company be granted relief from the required submittal date of January 2, 1981 in order to permit a review of the State and County emergency plans and thus allow sufficient time for management review, final typing and printing. Our submittal date will be on or before January 26, 1981.

Very truly yours,

R. S. Hunter
Vice President
