WITHDRAWAL OF TECHNICAL SPECIFICATION CHANGE REQUEST

Mr. Harold R. Denton, Director  
Office of Nuclear Reactor Regulation  
U. S. Nuclear Regulatory Commission  
Washington, D. C. 20555

Dear Mr. Denton:

This letter serves to withdraw our request for revision of Technical Specifications Table 2.2.1 and Basis Item B.2.2.1 of Units 1 and 2 of the Donald C. Cook Nuclear Plant. These changes were described as change No. 7 of Attachment A to AEP:NRC:0297 dated November 2, 1979. We are withdrawing our original request as per your staff's recommendation since the remedial actions described in our letter AEP:NRC:0315 dated November 29, 1979 are sufficient to address the issue of plant response to control rod drop events. A permanent resolution of this issue will be accomplished after Westinghouse Electric Corporation issues their final report on the matter.

Very truly yours,

  
R. S. Hunter  
Vice President
