St. Louis Testing Laboratories, Inc. (SLTL), warrants that the testing services provided herein have been performed, findings obtained and reports prepared in accordance with generally accepted testing laboratory principles and practices, subject to generally accepted margins of error for the instruments used in performing the tests. No other warranties are either expressed or implied. No opinions, conclusions or warranties are rendered by St. Louis Testing Laboratories as to fitness of the sample for any particular purpose other than compliance with the specific code standards to the extent that such code standards are specifically set forth on the front of this report.

These tests were conducted in accordance with the standards and procedures specified. The analysis and/or tests have been made and report prepared, based upon results from specific samples identified and supplied by the client or their representatives. St. Louis Testing Laboratories, Inc. assumes no responsibility for, nor makes any warranties for any extrapolation of data from the test results and relating such test results to any batch, lot or material from which St. Louis Testing Laboratories, Inc. had no control of sample acquisition.

This report is furnished in strict confidence for the exclusive use of the client or their representative, and no distribution of all or part of the report shall be made to third parties without the prior written approval of the company or individual ordering the work. Official reports will be provided only by St. Louis Testing Laboratories, Inc. and will contain a raised seal to certify authenticity. Revision or modification of these reports by anyone other than St. Louis Testing Laboratories, Inc. is prohibited. An additional copy will be provided on request.

If during or after the performance of these tests it is necessary for St. Louis Testing Laboratories, Inc. to recreate reports, assemble materials, gather additional information, or perform other work with regard to these test results to assist in the preparation for any investigation, civil proceeding, or criminal action, regardless of who makes such a request or issues a subpoena, client shall reimburse Laboratory for out of pocket expenses incurred in relation to such work. Client further agrees to compensate Laboratory at a rate of \$150.00 per hour for any such work which is required, including any time devoted to testifying in depositions, at hearings, or in court.

Only tests requested by the client are those that are set forth on the front of this report. There may be additional tests which could be performed on the sample but which client has not requested St. Louis Testing Laboratories perform. Client releases and holds St. Louis Testing Laboratories, Inc. harmless for any damages which may have been discovered, avoided, or mitigated as a result of any additional testing not requested by client.

St. Louis Testing Laboratories, Inc. will dispose of samples 30 days after issuance of a formal report, unless specifically requested in writing by the client or their representative to return the samples to them. Samples may be stored at St. Louis Testing Laboratories, Inc. for an extended period of time, provided a written agreement incorporating monetary considerations is executed.
