

July 7, 1994

Docket No. 50-315

Mr. E. E. Fitzpatrick, Vice President
Indiana Michigan Power Company
c/o American Electric Power Service Corporation
1 Riverside Plaza
Columbus, Ohio 43215

Dear Mr. Fitzpatrick:

SUBJECT: DONALD C. COOK NUCLEAR PLANT, UNIT NO. 1 - WITHDRAWAL OF AMENDMENT
REQUEST (TAC NO. M84830)

By letter dated March 20, 1992 (AEP:NRC:1166), Indiana Michigan Power Company applied for an amendment to D.C. Cook, Unit 1, Operating License No. DPR-58. The proposed change would have modified the facility technical specifications pertaining to Unit 1 steam generator alternate plugging criteria. Subsequently, by letter dated May 18, 1994, you withdrew the amendment request. Please note that the application date was incorrectly cited as March 20, 1991, in your May 18, 1994, withdrawal letter.

Therefore, by copy of this letter your proposed application is considered to be withdrawn.

Because this application has been withdrawn, the Commission deems the Westinghouse report WCAP-13187, "D.C. Cook Unit 1 Steam Generator Tube Plugging Criteria for Indications at Tube Support Plates, (Proprietary)" sought to be withheld from public disclosure under 10 CFR 2.790, no longer relevant and is returning this document to you. Any additional copies of this document will be appropriately destroyed. This document had been submitted as part of Attachment 5 of the March 20, 1992, application.

Sincerely,

Original signed by

John B. Hickman, Project Manager
