---

John thanks for reaching out. We are currently developing our proposed strategy in response to the board's findings. Consistent with our representations to the Board and parties at yesterday's teleconference, we are planning to get internal alignment on our proposal before we discuss it with the parties. We are hoping to have something to share by early December.

**Subject:** [External\_Sender] Meeting Request

All,

Powertech would like to discuss the October 19 ASLB order, issued about a month ago now, and approaches to comply with the order. We have not had discussions on this to date.

We would like to schedule this for this coming Monday morning, November 20th.

Can you please advise on availability so we can schedule a teleconference.

In attendance on behalf of Powertech would be Blake Steele, President, as well as myself.

Sincerely,

John
