Office of Nuclear Security & Incident Response
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555-0001

Docket No. 70-7016
SNM-2019

SUBJECT: (U) Request for Approval to Proceed with Network Refresh

Reference (1): Letter from Brian Smith (NRC) to Julie Olivier (GLE) "Classified Distributed Information Network Plans", dated October 11, 2012

Reference (2): Letter from Pat Jenny(GLE) to Director Division of Security Operations, "Global Laser Enrichment Cyber Security Plans", date August 24, 2017, GLE-2017-0042

GE Hitachi Global Laser Enrichment, LLC (GLE) requests timely approval to proceed with the classified network refresh planned for mid-December. At that time GLE plans to upgrade all networking switches to new Cisco switches. The security plans associated with the cyber security program will be unchanged as submitted in Reference 2.

Derivative Declassifier review required prior to declassification

Global Laser Enrichment
SNM-2019
Docket 70-7016

GLEP-00015-R, Revision 5, *Program Cyber Security Plan – Engineering and Industrial Control System Environments for the GE-Hitachi Global Laser Enrichment Wilmington, NC Facilities (PCSP) – No changes*

GLEP-00023-R, Revision 8, *Classified Distributive Information Network for the GE Hitachi Global Laser Enrichment LLC Wilmington, NC (CDIN) – No changes*

However, as noted in Reference 1, the Authorizing Official has determined that a network refresh constitutes a substantive change and requires prior approval. GLE is trying to initiate the change by mid-December. The timing of the refresh is due to the impact of taking down the entire classified network to accomplish the refresh. Therefore a timely approval by the AO and NRC are requested. To facilitate your review of this change, GLE is providing further detail in the enclosure as to what is being changed and the justification for the changes. This enclosure is classified in accordance with CG-US-Silex-2A as **SNSI**.

Please contact me at (910)819-7447 or pat.jenny@ge.com if you have any questions, or would like to discuss this submittal.

Sincerely,

Pat Jenny
GLE Security/Licensing Manager
