Re: Amendment NRC License No. 21-32771-01
Genesys Diagnostics-Grand Blanc

ATTN: To Whom It May Concern:

We would like to amend our license to reflect the following changes;

- 1) We are requesting Dr.'s Mukkamala, Lauber, Tummala, Kirtek, and Ege be removed as authorized users for 35.100 and 35.200 from our NRC license.
- 2) Please remove Dr. Mukkamala as our Radiation Safety Officer (RSO) from our NRC license.
- 3) We would like to add Harvey Yee, M.D., Michael Gedwill, D.O., and Steve Min, D.O. for authorized use for 35.100 and 35.200. They are all authorized users on NRC license # 21-26740-01. Also add Chandler Veenhuis, D.O for 35.100 and 35.200 use. He is currently listed as an authorized user on NRC# 21-18979-01.
- 4) Please add Dr. Steve Min, D.O. as our RSO on our license. He is currently an RSO on license # 21-26740-01, Genesys Regional Medical Center. The RSO Letter of Understanding and Rules and Responsibilities are enclosed.

Thank you for your cooperation with this matter. If you have any questions or require additional information please contact our physics consultant, Laura M. Luna, at (734) 662-3197.

Sincerely,

Paul Garson, Executive Management

RE: Authorized User Amendment

Dear Diane:

Enclosed please find the letter to the NRC for the removal and addition of the Radiation Safety Officer (RSO) and authorized users to your NRC license. The following steps need to be taken for completion.

1. Review all information for correctness. Check addresses, names, and license numbers, **specifically**. Retype or copy the cover letter to the NRC onto your facility letterhead. Have executive management (VP or higher) sign this letter.
2. Have the RSO/ Executive Management Letter of Understanding typed or photocopied onto facility letterhead. Have executive management and Dr. Min sign. **A copy of this signed letter should be filed in the MPC license binder in the nuclear medicine department.**
3. Make a copy of the letter to the NRC, the Letter of Understanding, and the RSO Responsibilities. These will go to the NRC. **Keep the original and file in the blue, MPC, license binder, under the "License Correspondence" tab in the nuclear medicine department.**
4. Mail the signed copy to the following address: **Federal Express or U.P.S. is advised.**

Re: Radiation Safety Officer / Executive Management
Letter of Understanding

Dear Dr. Min:

You have been appointed the Radiation Safety Officer (RSO) of this facility for our United States Nuclear Regulatory Commission Materials License. This "Letter of Understanding" is prepared to comply with Title 10 Code of Federal Regulations (CFR) Part 35.24(b). This section of the regulations requires that you agree in writing to the following:

- Assume responsibility for implementing the Radiation Protection Program
- Ensure that radiation safety activities are being performed in accordance with our own approved procedures and all regulatory requirements.

Furthermore, in compliance with 10 CFR 35.24(e),(g), the executive management of this facility agrees to provide you as RSO:

- Specific written notation of your authority, duties and responsibilities, see attached.
- Sufficient authority, organizational freedom, time, resources and management prerogative to:
 1. Identify radiation safety problems;
 2. Initiate, recommend, or provide corrective actions;
 3. Stop unsafe operations; and,
 4. Verify implementation of corrective actions.

Our signatures noted below will attest to the issues noted above. Please make a copy of this document for your files and return the original to my attention.

Sincerely,

Paul Garson, Executive Management
