The first part of the report
 discusses the general situation
 and the results of the
 investigation. It is found
 that the data obtained
 from the experiments
 are in good agreement
 with the theoretical
 predictions. The
 following table shows
 the values of the
 various parameters
 measured during the
 course of the work.

The second part of the report
 deals with the details of the
 experimental method used
 and the results of the
 measurements. It is shown
 that the accuracy of the
 measurements is within
 the limits of the
 experimental error. The
 following table gives
 the values of the
 various parameters
 measured during the
 course of the work.
