Dear Dr. Grace:

Re: St. Lucie Units 1 and 2  
 Docket Nos. 50-335 and 50-389  
 Turkey Point Units 3 and 4  
 Docket Nos. 50-250 and 50-251  
 NRC Bulletin 87-02: Fastner Testing to Determine  
 Conformance with Applicable Material Specifications

On January 11, 1988, a telephone conference call was held between Florida Power & Light (FPL) and the NRC Region II Staff to discuss an extension in FPL's response to NRC Compliance Bulletin No. 87-02. FPL requested a one month delay from the original response schedule of January 12, 1988. The new response schedule as agreed is February 12, 1988. The reason for delay is that the verification and validation of test results has not been completed.
