Gentlemen:

SUBJECT: MEETING SUMMARY

This refers to our meeting held at the Region II office November 28, 1983, at your request. This meeting related to activities authorized by NRC Operating License Nos. DPR-31 and DPR-41 for the Turkey Point facilities. This meeting was attended by myself, Mr. R. C. Lewis, Director, Division of Project and Resident Programs, you, and Mr. C. O. Woody, Manager of Nuclear Energy.

The subject discussed at this meeting related to organizational changes within your associated nuclear facilities, scheduled administrative building and simulator construction activities, and recent INPO findings.

It is our opinion that the meeting was beneficial and has provided us with a better understanding of Florida Power and Light Company's organizational changes and other attendant issues.

Should you have any questions concerning this matter, we will be pleased to discuss them.

Sincerely,
