**TVA External Message. Please use caution when opening.**

Good Afternoon,

Attached is a draft RAI (RAI Number 10, eRAI-9206) pertaining to Part 6 of the Clinch River Nuclear Site ESP application - Exemptions and Departures. It is a supplemental RAI to previously issued RAI Number 7, eRAI-8885.

This is the 10th draft safety RAI prepared (Number 10) for the Clinch River Nuclear Site ESP application review, and it has unique e-RAI identifying number of eRAI-9206.

TVA has ten working days to review this draft RAI and to decide whether a conference call is needed to clarify any of portion of the RAI and/or if TVA identifies any proprietary information or security-related information (SRI) located in

the question. After the call, or after ten days, NRC will finish processing the RAI through the eRAI system and issue it to TVA as a final RAI. Subsequent to receipt of the final RAI, TVA will have 30 calendar days to respond to the RAI unless additional time is specifically requested.

Please let me know if you have any questions.
