Florida Power and Light Company
ATTN: Mr. J. W. Williams, Jr.
Vice President, Nuclear
Energy Department
P. O. Box 14000
Juno Beach, FL 33408

Gentlemen:

SUBJECT: CONFIRMATION OF ACTION - TURKEY POINT 3 AND 4
DOCKET NOS. 50-250 AND 50-251

This refers to my telephone conversation of February 16, 1984 with Mr. J. W. Williams, Vice President Nuclear Energy, regarding the Turkey Point Units 3 and 4 electrical system design changes, that occurred between October 1982 and January 1984, and subsequent challenges to the reactor protection systems.

Based on the referenced conversation, it is our understanding that your Turkey Point Units 3 and 4 will not be returned to power operations without the concurrence of this office. Our concurrence will be based on your evaluation of the installed electrical system and the results of your technical discussions with this office concerning the correction of identified design and procedural deficiencies that relate to nuclear safety.

Please inform us immediately if your understanding of these items is different from that stated above.

Sincerely,

James P. O'Reilly
Regional Administrator
