- 8.1.4 The Emergency Planning Supervisor shall prepare a consolidated summary following an exercise. This summary should take into consideration all avenues of input (i.e., critiques from controllers, players, etc.). Based on this input, FPL deficiencies should be identified and responsibility for corrective actions should be assigned. Where possible, practical recommendations for corrective measures should be made.
- 8.1.5 The Emergency Planning Supervisor shall offer federal, state and local observers the opportunity to evaluate the exercise.
- 8.2 The Emergency Planning Supervisor shall be responsible for the conduct and documentation of initial training and annual retraining for FPL Off-Site Emergency Organization personnel. This training shall involve the following personnel and subject matter.
- 8.2.1 Emergency Control Officer and Recovery Manager
- Prompt and effective notification methods, including the types of communication systems.
  - Method of activating the Florida Power & Light Company Emergency Response Organization.
  - The methods used for estimating radiation doses and recommending protective actions.
  - Emergency Plan familiarization.
  - Emergency Plan implementing procedures familiarization.
  - Familiarization with the Emergency Operations Facility and the Technical Support Center.
- 8.2.2 Emergency Security Manager, Emergency Information Manager, Governmental Affairs Manager, Emergency Technical Manager
- Emergency Plan familiarization
  - Emergency Plan implementing procedures familiarization

8.3 Review and Revision of Plans and Procedures

- 8.3.1 The Emergency Plan and Emergency Plan Implementing procedures shall be under continuing review by the Emergency Planning Supervisor including:
  - a. Notification lists and rosters will be verified quarterly and updated as required.
  - b. Revisions of the Emergency Plans, Emergency Plan Implementing Procedures, and notification lists will be distributed, as needed, to holders of these documents.
- 8.3.2 Recommended changes to the Emergency Plan submitted to the Emergency Planning Supervisor shall be considered for incorporation into the Emergency Plans and Procedures. Proposed changes in the Emergency Plan, if approved by the Group Vice President, Nuclear Energy, shall be incorporated into the Emergency Plan under the direction of the Emergency Planning Supervisor.
- 8.3.3 The Emergency Planning Supervisor shall ensure that elements of the emergency organization (e.g., FPL, state, federal, local, etc.) are informed of revisions to the Emergency Plan and Emergency Procedures which are significant to effective and coordinated emergency response.
