Mr. J. W. Williams, Jr., Group Vice President
Nuclear Energy Department
Florida Power and Light Company
Post Office Box 14000
Juno Beach, Florida 33408

Dear Mr. Williams:

Reference: TAC Numbers 52810 and 52811

SUBJECT: SAFETY EVALUATION, GENERIC LETTER 83-28, ITEM 1.1,
POST-TRIP REVIEW

By letter dated April 16, 1985, we provided a draft Safety Evaluation (SE) based on your November 8, 1983 submittal. We indicated in our draft SE that you had not addressed the methods and criteria for comparing the event information with known or expected plant behavior during a post-trip review analysis. By letter dated May 3, 1985, you provided a detailed response to our concern.

We have reviewed your response and have concluded, based on our review, that your Post-Trip Review Program and Procedures for Turkey Point Plant, Units 3 and 4, are acceptable. Our revised SE which provides the details of our evaluation is enclosed.

This completes our actions related to TAC Numbers 52810 and 52811.

Sincerely,

/s/SAVarga

Steven A. Varga, Chief
Operating Reactors Branch #1
Division of Licensing
