Good Morning Kevin,

Thanks for the quick turnaround on this. I will correct the spelling mistake in Enclosure 4 and prepare for normal release through ADAMS.

Good morning Allen,

Per your request, TVA has reviewed the attached audit summary report and did not find any factual errors and/or discrepancies. The only markup found is on Enclosure 4, a spelling error for the word "Analysis" (the spell checker actually had it marked).

If you have any questions, please let Ray know.
Thanks,

TVA External Message. Please use caution when opening.

Ray,

Attached is the summary report prepared for the May 8-9, 2017 Geology, Seismology and Geotechnical Engineering Audit for the Clinch River ESP application. Before this is released to the public, NRC would like TVA to check for any factual errors and/or discrepancies, and make any markups in track-changes mode. Any input TVA might have is requested by COB Friday (9/15/17).

Many Thanks,
