NO. 600920

Dear Mr. Murphy:

This concerns your request for an amended license dated September 8, 2017. Because your Radiation Safety Officer informed us that you are not currently able to provide the additional information required to complete the requested action, we have voided your request. Specifically, to support the addition of Dr. Kemmerer to your license, we require documentation of his completion of: (i) 3 years of residency training in an ACGME accredited Radiation Oncology training program; and (ii) vendor training on the use of the type of device possessed by Bayhealth. This action is taken without prejudice to the resubmission of your request.

In accordance with 10 CFR 2.390 of the NRC's "Agency Rules of Practice and Procedure," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS).
