MEMORANDUM FOR: J. Nelson Grace, Regional Administrator
Region II

FROM: Edward L. Jordan, Director
Office for Analysis and Evaluation
of Operational Data

SUBJECT: NRC EVALUATION OF THE FLORIDA POWER AND LIGHT
INDEPENDENT MANAGEMENT APPRAISAL PROGRAM

*SGG
RFB*

Enclosed for your information and action, in accordance with your memorandum to me of April 19, 1988, is the NRC evaluation report of the Independent Management Appraisal for the Turkey Point Power Plant (enclosure 1). The report discusses the strengths and weaknesses of the IMA appraisal of Turkey Point and FP&L and includes NRC recommendations to FP&L. These recommendations, together with the recommendations in the IMA report, provide the appropriate principles from which FP&L can establish an action plan for effective and lasting improvement at Turkey Point.

Following the completion of your review and any subsequent discussions with NRC senior management, the report should be forwarded to the licensee and the Public Document Room, with a request that the licensee respond to the recommendations in the NRC evaluation report at the same time it responds to the IMA recommendations. Until these actions are taken the information in the report is considered predecisional. A draft letter which may be used to transmit the report to the licensee is attached as enclosure 2.

If you have any questions on enclosures 1 or 2 please contact either me (492-4848) or Lee Spessard (492-8577).
