

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

March 6, 1989

Docket Nos. 50-250
and 50-251

Mr. Thomas J. Saporito, Jr.
1202 Sioux Street
Jupiter, Florida 33458

Dear Mr. Saporito:

This letter acknowledges receipt of your letters of January 30 and February 7, 1989, addressed to the Executive Director for Operations (EDO), which we are treating as Supplements 2 and 3, respectively, to your Petition pursuant to 10 CFR 2.206 filed with the Office of the EDO on December 21, 1988. We are treating your letter of January 13, 1989, as Supplement 1. Supplements 2 and 3 address the following issues:

1. Supplement 2 alleges that the employees at the Turkey Point Plant are experiencing a severe chilling effect because of reprisals against plant employees who express concerns about the plant. This supplement also alleges the failure of personnel to follow procedures, poorly written procedures, poor personnel training, and maintenance problems. In this supplement, you request that the U.S. Nuclear Regulatory Commission (NRC) immediately suspend and revoke the operating licenses (DPR-31 and DPR-41) for the Turkey Point Plant.
2. Supplement 3 alleges that the Turkey Point Plant is engaged in discrimination and harassment against employees who have been subpoenaed to testify in pending Department of Labor proceedings (89-ERA-07 and 89-ERA-17). In this supplement, you again request that the NRC suspend and revoke the operating licenses for the Turkey Point Plant. Furthermore, you request that the NRC issue a Notice of Violation and impose an escalated civil penalty on the licensee.

We also note receipt of your letter dated January 19, 1989, addressed to the EDO, that praises the actions of a certain member of the NRC staff at the Region II office and requests that copies of your letter be posted in all nuclear power plants in the country. We further note receipt of your letter dated January 30, 1989, addressed to Mr. Victor Stello, that discusses several concerns and alleges that the licensee denied you access to certain plant documentation.

Handwritten marks and scribbles in the top right corner.

As provided by 10 CFR 2.206, action will be taken on your Petition (as supplemented) within a reasonable time. However, a preliminary review of the concerns in Supplements 2 and 3 does not indicate any immediate need to suspend and revoke the operating licenses of the Turkey Point Plant. Our basis for this finding is that your supplements have not identified any significant new information beyond that already acknowledged by our letter to you dated January 30, 1989.

Sincerely,

Original signed by

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that this is essential for the proper management of the organization's finances and for ensuring compliance with applicable laws and regulations.

2. The second part of the document outlines the specific procedures that must be followed when recording transactions. This includes the requirement to use the correct accounting entries and to ensure that all supporting documentation is properly filed and maintained.

3. The third part of the document discusses the role of the accounting department in providing accurate and timely financial information to management. It highlights the importance of regular reporting and the need to identify and address any discrepancies or errors as soon as they are discovered.

4. The fourth part of the document concludes by reiterating the importance of maintaining high standards of accuracy and integrity in all financial reporting. It encourages all employees to take responsibility for their actions and to work together to ensure the success of the organization.
