The Honorable Dante B. Fascell  
United States House of Representatives  
Washington, D.C. 20515

Dear Congressman Fascell:

This letter is in response to your letter of July 6, 1989, regarding the correspondence you received from Eva Siegel.

Earlier this year Eva Siegel also wrote to Senator Bob Graham about the Turkey Point plant. Our response to Senator Graham's request for information was dated June 8, 1989, and is enclosed for your information. I believe that letter summarizes the status of the Turkey Point plant at this time. Since that letter was written, both reactor units at Turkey Point restarted in June and have operated to date without incident.

If I can be of further assistance to you, please do not hesitate to contact me.

Sincerely,

Original Signed By:  
James M. Taylor
