Dear Mr. Goldberg:

SUBJECT: UNIMPLEMENTED UNRESOLVED SAFETY ISSUES AT TURKEY POINT PLANT UNITS 3
AND 4

On October 19, 1989, the staff issued Generic Letter (GL) 89-21 which requested information concerning the status of implementation of unresolved safety issues (USIs) at your facility. Based on your response to this GL, dated November 27, 1989 and our review of Agency records and discussions with your staff, we have compiled the enclosed list representing our assessment of USI implementation at your facility. These results were presented to the Commission at a meeting on February 14, 1990.

The enclosure to this letter presents our understanding of the current status of all unimplemented USIs for the Turkey Point Plant Units 3 and 4. We encourage your effort to complete the unimplemented USIs.

If you have questions or comments about the enclosed information, please contact me.

Sincerely,

Original signed by
