Re: Turkey Point Nuclear Power Plant

Dear Sir:

Enclosed please find correspondence from my constituents.

I would appreciate your advising me of your action in this matter and returning the letter with your reply. Please respond to my Fort Myers Regional Office, located at 1342 Colonial Blvd, Suite 27, Fort Myers, Florida, 33907.

Thank you for your prompt attention.

Sincerely,

CONNIE MACK  
U.S. Senate

Washington, DC 20510

Dear Senator Mack,

The Turkey Point Nuclear Power Plant is situated about 60 miles from our area. It is considered by experts to be the most obsolete and poorly operated such plant in the United States.

In a recent examination of the qualifications of its operating personnel by the Nuclear Regulatory Commission, more than half failed the test. It has been cited repeatedly for security and operating violations. These deficiencies have resulted in the release of excessive radiation into our air and ground water. Such radiation is cumulative and continuously harms us and our environment.

It is for these reasons that I request your support for the closure of this dangerous and out-dated nuclear plant.

Respectfully Yours,

*Elaine Paster*
