Subject: read ahead material for our clarification call on Monday

Ray

In preparation for our call on Monday to discuss remaining info needs, note that a good example for the table discussed in STO-13 can be found in the PSEG ER, Rev 2, pages 4.6-15 through 4.6-22.

Note also that we will be discussing MET-5. We have received feedback on how we will address greenhouse gas emissions in our EIS. Your question about MET-5 is partially addressed in the clarification we will be providing for STO-13, but it is good to discuss the particulars for MET-5 while we are on the phone.

We will talk to you on Monday.

Tami
