ACC-1, ACC-2, ACC-3, ACC-4, ACC-13 and ACC-15 are closed for purposes of the audit. Caveat on ACC-3 is that safety reviewer may wish to weigh in, but that would be a separate discussion than environmental audit space. We will know by end of next week. ACC-13 and ACC-15 may need to be revisited later (post audit timeframe), but a path forward has been developed that can possibly take us to the finish line.
