Hi

Unfortunately, our timing is not good so I will address this here. We are closed on Monday.

I can't predict at this juncture what the additional needs we may have.

I do need the files requested in the correct format on the docket per my other email.

In addition, there are files in the reading room that are not on the docket such as the revised ER sections. If this is incorrect, please provide the date of the letter in which all the documents were submitted.

Until Jan 31, when the document maintenance seems to expire, please maintain the reading room until we are able to distribute docketed documents for our entire team.

After Jan 31, my recommendation is that TVA review the submittals against the documents in the reading room and maintain those documents in the reading room that have not been submitted on the docket until further discussion on a document by document basis.

Thank you and have a great weekend,

Pat,

I left you a message yesterday on your cell phone. We need to discuss what your needs are. All of the documents that were planned for submittal have been submitted at this point, I believe. If you have a need for other supplemental documents, we are happy to continue to make them available. Please call me at your convenience and we can discuss the details.

TVA External Message. Please use caution when opening.

Hi

What is your plan for the reading room?

Will you keep it open until all the info is on the docket (eg., ER sections)?

Thank you,
