CPT Chhetri,

I've reviewed your memo dated June 26, 2017, regarding the incident on June 21, 2017, and have no further questions on the matter.

I'd like to thank you for your time this afternoon and during the NRC inspection at the Darnall Army Medical Center on December 5, 2017. As I briefly discussed this afternoon, the NRC has determined that no violations of significance were identified. The attached NRC Inspection Report (NRC Form 591M) documents the results of the inspection. This does not require you to take any action and you are not required to sign it or return it. I do however request a courtesy email response from you acknowledging receipt.

If you have any further questions, please do not hesitate to ask,
