Dear Ms. Tichler:

Re: Turkey Point Units 3 and 4
Docket Nos. 50-250 and 50-251
1988 Summary of Radioactive Effluents

Florida Power & Light (FPL) Company has reviewed the draft effluent information provided in your letter dated May 29, 1990. Corrections are provided on the attached draft. The marked up draft includes corrections that were made to the solid waste sections of the Semi-Annual Reports from July, 1987 to December, 1988. These corrections were transmitted to the NRC in FPL letter Number L-90-78, dated April 9, 1990. In addition, the nuclides MO-99 and MO-99-TC-99M are listed as separate line items in some parts of the report and are combined in others. The attached draft is marked up to show these nuclides as a single line item.

Should you need any further information on this data, please contact us.

Very truly yours,

K. N. Harris
