Dear Mr. Goldberg:

SUBJECT: TURKEY POINT UNITS 3 AND 4 - RESPONSE TO BULLETIN 88-10 (TAC NOS. 71367 AND 71368)

By letters dated April 3, 1989, November 7, 1989, December 7, 1989, and June 21, 1990, you responded to Bulletin 88-10 and Supplement 1 to that Bulletin. In your responses, you confirmed that the actions required to address the issue of substandard molded case circuit breakers as discussed in Bulletin 88-10 have been completed. A detailed technical review of your response has not been performed; however, this area may be the subject of an inspection in the future.

If a future inspection identifies deficiencies, the issue will be reopened. At this time we consider actions on Bulletin 88-10 to be complete and TACs 71367 and 71368 are closed.

Sincerely,
