MEMORANDUM FOR: The Chairman
Commissioner Rogers
Commissioner Curtiss
Commissioner Remick
Commissioner de Planque

FROM: James M. Taylor
Executive Director for Operations

SUBJECT: SUPPLEMENT TO EDO MEMORANDUM OF OCTOBER 20, 1992 ON THE
SUBJECT OF TURKEY POINT UNIT 4 SHUTDOWN BECAUSE OF EMERGENCY
PREPAREDNESS CONCERNS

The purpose of this memorandum is to forward for your information the current Memorandum of Understanding (MOU) between NRC and FEMA dated for the NRC April 3, 1985 and for FEMA April 9, 1985, as a supplement to my memorandum of October 20, 1992 on the subject of Turkey Point.

As noted in the enclosed MOU (page 6), an NRC/FEMA Steering Committee was established "to be a focal point for coordination of emergency planning, preparedness and response activities between the two agencies." This Steering Committee, through the respective agency co-chairs, would have been a logical place to coordinate the emergency preparedness issues associated with the restart of Turkey Point Unit 4 on September 28, 1992.

As I indicated in my October 20 memorandum to the Commission, although not an immediate factor in the Turkey Point restart issue, the NRC-FEMA Memorandum of Understanding will be reviewed and revised as necessary to ensure the respective roles of the NRC and FEMA are clearly defined for situations similar to this.

Original signed by
James M. Taylor
