Subject: Information Gathering Associated with the Licensing Support Network Advisory Review Panel Meeting

Greetings,

The attached memorandum and the accompanying forms seek information regarding the submission of additional documentary material and evidentiary hearing exhibits in the event the Yucca Mountain adjudication were to be restarted. This information is requested to assist us in developing options for technical implementation solutions for the possible reinstatement or replacement of the Licensing Support Network (LSN) and an enhanced exhibit submission process. The options would be presented to Licensing Support Network Advisory Review Panel (LSNARP) members and participants prior to the planned LSNARP meeting referenced in LSNARP Chairman Dr. Andrew Bates' August 11, 2017, memorandum.

Please respond by returning the completed forms to LSNAdministrator@nrc.gov by Monday, November 27, 2017.

Thank you,

-Margie Janney
Acting LSN Administrator
