Gentlemen:

SUBJECT: NRC INSPECTION REPORT NOS. 50-250/95-04 and 50-251/95-04

The enclosed report documents an inspection to assure public health and safety conducted by Mr. T. P. Johnson and others of the resident staff on January 29 through February 25, 1995. The inspection included a review of activities authorized for your Turkey Point facility. At the conclusion of the inspection, the findings were discussed with those members of your staff identified in the enclosed Inspection Report.

Areas examined during the inspection are identified in the report. Within these areas, the inspection consisted of selective examinations of procedures and representative records, interviews with personnel, and observation of activities in progress. The purpose of the inspection was to determine whether activities authorized by the licensee were conducted safely and in accordance with NRC requirements

The enclosed Inspection Report identifies activities that violated NRC requirements that will not be subject to enforcement action because the licensee's efforts in identifying and/or correcting the violation meet the criteria specified in Section VII.B of the Enforcement Policy. Therefore, a response is not required.

In accordance with 10 CFR 2.790 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be placed in the NRC Public Document Room.

Should you have any questions concerning this letter, please contact us.

Sincerely,

Orig signed by David M. Verrelli
