The legal basis is that Section 274(a)(3) of the Atomic Energy Act authorizes and directs the NRC to cooperate with the States to promote an orderly regulatory pattern between the Commission and State governments with respect to nuclear development and use and regulation of byproduct, source, and special nuclear materials. Information requests sought from Non-Agreement States may take the form of one-time surveys, e.g., telephonic and electronic surveys/polls and facsimiles (questionnaires).
