MEMORANDUM TO: Andrea Veil, Executive Director
Advisory Committee on Reactor Safeguards

FROM: Francis M. Akstulewicz, Director **/RA Anna Bradford for:/**
Division of New Reactor Licensing
Office of New Reactors

SUBJECT: WESTINGHOUSE ELECTRIC COMPANY'S TOPICAL REPORT
WCAP-17938, "AP1000 IN-CONTAINMENT CABLES AND
NONMETALLIC INSULATION DEBRIS INTEGRATED
ASSESSMENT," REVISION 2, DRAFT SAFETY EVALUATION
REPORT

By letter dated June 7, 2017, Westinghouse Electric Company (WEC) submitted Revision 2 of topical report WCAP-17938, "AP1000 In-Containment Cables and Nonmetallic Insulation Debris Integrated Assessment" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML17163A299). Based on its review of WEC's topical report, the staff prepared a draft safety evaluation (ADAMS Accession No. ML17348B076). This draft safety evaluation report is being provided to the Advisory Committee on Reactor Safeguards (ACRS) for information only. As discussed previously with the ACRS staff, a subcommittee meeting to address this topical report is scheduled for February 7, 2018.

A review of the draft safety evaluation report for any information exempt from public disclosure has not yet been performed. The U.S. Nuclear Regulatory Commission will withhold the draft safety evaluation report from public disclosure for 20 business days to allow WEC the opportunity to perform a proprietary review. Therefore, the staff requests that the ACRS likewise withhold the draft safety evaluation report from public disclosure until it has been determined what information can be publicly released in ADAMS. The staff will inform the ACRS immediately upon WEC's indication to the staff that it has finished its review.
