NOTICE OF VIOLATION

Florida Power and Light Company
Turkey Point Nuclear Plant
Units 3 and 4

Docket Nos. 50-250, 50-251
License Nos. DPR-31, DPR-41

During an NRC inspection conducted on May 21-22 and June 1-3, 1998, a violation of NRC requirements was identified. In accordance with the "General Statement of Policy and Procedure for NRC Enforcement Actions," NUREG-1600, the violation is listed below:

10 CFR 73.21(b)(1)(xi) requires that the size, armament, and disposition of on-site reserve forces be protected as Safeguards Information.

Contrary to the above, from February 16 to May 28, 1998, the licensee failed to protect the size of the onsite reserve force as Safeguards Information when that number was disclosed in a Condition Report.

This is a Severity Level IV Violation (Supplement III).

Pursuant to the provisions of 10 CFR 2.201, Florida Power and Light Company is hereby required to submit a written statement or explanation to the U.S. Nuclear Regulatory Commission, ATTN: Document Control Desk, Washington, D.C. 20555 with a copy to the Regional Administrator, Region II, and a copy to the NRC Resident Inspector at the Turkey Point Nuclear Plant within 30 days of the date of the letter transmitting this Notice of Violation (Notice). This reply should be clearly marked as a "Reply to a Notice of Violation" and should include for each violation: (1) the reason for the violation, or, if contested, the basis for disputing the violation, (2) the corrective steps that have been taken and the results achieved, (3) the corrective steps that will be taken to avoid further violations, and (4) the date when full compliance will be achieved. Your response may reference or include previous docketed correspondence, if the correspondence adequately addresses the required response. If an adequate reply is not received within the time specified in this Notice, an order or a Demand for Information may be issued as to why the licensee should not be modified, suspended, or revoked, or why such other action as may be proper should not be taken. Where good cause is shown, consideration will be given to extending the response time.
