Raleigh, NC 27602

Gentlemen:

SUBJECT: REPORT NO. 50-400/86-04

Thank you for your response of March 26, 1985, to our Notice of Deviation issued on March 4, 1986, concerning activities conducted at your Shearon Harris facility under NRC Construction Permit No. CPPR-158. We will examine the implementation of your corrective actions during future inspections.

We appreciate your cooperation in this matter.

Sincerely,

Paul Fredrickson *for*

[illegible]

1. *Pharmaceuticals*: The pharmaceutical industry is a major contributor to the U.S. economy, with sales exceeding \$400 billion in 2019. The industry is heavily regulated by the FDA, which oversees the safety and efficacy of drugs. The industry is also facing increasing pressure from payers (insurers and governments) to reduce costs.

2. *Medical Devices*: The medical device industry is another major contributor to the U.S. economy, with sales exceeding \$200 billion in 2019. The industry is heavily regulated by the FDA, which oversees the safety and efficacy of devices. The industry is also facing increasing pressure from payers to reduce costs.

3. *Biotechnology*: The biotechnology industry is a rapidly growing sector, with sales exceeding \$100 billion in 2019. The industry is heavily regulated by the FDA, which oversees the safety and efficacy of biotech products. The industry is also facing increasing pressure from payers to reduce costs.

4. *Health Services*: The health services industry is a major contributor to the U.S. economy, with sales exceeding \$1 trillion in 2019. The industry is heavily regulated by the FDA, which oversees the safety and efficacy of health services. The industry is also facing increasing pressure from payers to reduce costs.

5. *Health Insurance*: The health insurance industry is a major contributor to the U.S. economy, with sales exceeding \$1 trillion in 2019. The industry is heavily regulated by the FDA, which oversees the safety and efficacy of health insurance. The industry is also facing increasing pressure from payers to reduce costs.
