Subject: Shearon Harris nuclear plant, Carolina Power & Light Emergency Plan

Dear Mr. Denton,

C.P.&L has not conducted a full participation test of the present emergency plan for their Shearron Harris nuclear power plant.

The Chatam County Board of Commissioners has withdrawn the county from the emergency plan. Other counties are considering withdrawing.

Until the matter of state and local government participation in an emergency plan can be resolved, I urge you not to consider or approve a full power license for this plant.

In addition, I urge you to work to have FEMA widen the radius of their present nuclear emergency plans.

Sincerely,
Mary S Rider
