Nuclear Regulatory Commission
1717 H St., N.W.

Dear Mr. Chairman:

I have been contacted by the Board of Commissioners for the Town of Benson, North Carolina, which is in my congressional district.

The Commissioners have recently passed a resolution in support of the licensing of the Shearon Harris Nuclear Power Plant near Raleigh. The Board feels that this facility will greatly benefit Benson and the surrounding area with an adequate and dependable supply of electricity for the future, and therefore, I wanted to communicate this position of support to the Commission for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Charlie Whitley".
