**SUBJECT: Inspection of the activities authorized by N.C. Radioactive Materials License No. 092-1406-1**

Dear Mr. Adams;

On December 29, 2016 and January 12, 2017, the above referenced facility was visited for the purpose of inspecting the activities authorized under License 092-1406-1.

There were no items of noncompliance (INC) found with respect to the North Carolina Regulations for Radiation Protection (10A NCAC 15), conditions listed on the license, or any commitments submitted for the purpose of licensing.

Keep up the good performance and remember that a strong Nuclear Safety Culture is a full time commitment on all organizational levels, learn more at <http://www.ncradiation.net/2014SafetyCultureWeb.pdf>.

If there are any questions, please do not hesitate to contact me.

Sincerely,

**SUBJECT: Inspection of the activities authorized by N.C. Radioactive Materials License No. 092-1406-1**

Dear Mr. Adams:

On October 29, 2013, the above referenced facility was visited for the purpose of inspecting activities authorized by Radioactive Materials License No. identified above. I appreciate the courtesy and cooperation I received while conducting this unannounced inspection.

I am pleased to report that no items of noncompliance and no unresolved issues were identified at the time of the inspection.

If this agency may be of assistance to you, please feel free to contact me.

Sincerely,

Cliff Harris, PhD, Health Physicist  
Radioactive Materials Branch
