Subject: RAI, manufacture and model numbers

Discussion: I discussed with Mr. Slater that some of the manufacture and model numbers are not as listed in the sealed source and device registry. The result was that I should use RMD Instruments, LLC instead of Dynasil Products. The LP series does not exist and so will be listed as LPA-1, LPA-1B, and LTR-1000. The source maximum and source model numbers was not correct for the CPN model and the model number of MC1 is not in the Sealed Source and Device Registry (SS&D). He provided a SS&D number which was the MC Series PORTABROBE. I told him that for the licensed amount of material, I would multiply the number of units he requested times the allowance in the SS&D. He understood the changes.
