SHEARON HARRIS NUCLEAR POWER PLANT
DOCKET NO. 50-400/LICENSE NO. NPF-63
SURVEILLANCE INTERVALS

Gentlemen:

On February 26, 1990, Carolina Power & Light Company requested a revision to the Shearon Harris Nuclear Power Plant, Unit 1, Technical Specifications for Surveillance Intervals. Enclosure 1 provides a corrected Bases markup page. The revised page correctly marks out both paragraphs of Section 4.0.2 instead of just the first as was originally submitted. The "Insert" provided previously incorporated the appropriate rewording of the second paragraph. Enclosure 2 provides the retyped, amendment bar pages for your convenience in issuance of the proposed Technical Specification change.

Please refer any questions regarding this submittal to Mr. Steven Chaplin at (919) 546-6623.

Yours very truly,

Leonard I. Loflin
Manager
