Re: Radioactive Materials License 16-17316-01E

Dear Mr. Struckmeyer,

This letter is to request an amendment to the above referenced exempt distribution license to remove the site at 11600 Philadelphia Ave, Mira Loma, CA, as an authorized distribution location.

We have ceased distribution activities from this location on November 28, 2017. Our annual Distribution report to be submitted in January 2018 will include items distributed from this location in 2017 along with the other distribution sites authorized on this license.

We have requested termination of the possession license # 4598-33, issued by California Department of Public Health, and we are working with that agency to facilitate the termination. A copy of the termination request to CDPH is included with this letter.

Thank you in advance for your review and approval of this request.

If you need any additional information, please contact me at (614) 296-8095 or contact Mr. Barry Hallock at (828) 702-8382

Sincerely,

Kenneth Coleman
