License No. 06-01450-47 /030/0376

Modification to CFA and Letter of Intent

We are requesting an update to the following documents:

1. The modified Certification of Financial Assurance for the University of Connecticut with the addition of the new Hartford campus and removal of the Torrington campus.

With regard to the adding the Hartford campus, there is no radioactive material usage planned right now. Should an application be received for radionuclide usage there in the future, the laboratories at that campus are undergraduate teaching labs and meet the minimum requirements for low to moderate level labs as indicated in Item 9 of our license; they have a fume hood and designated sink.

- 2. Statement of Intent with the addition of the new Hartford campus and removal of the Torrington campus signed by the Executive Vice President for Administration and Chief Financial Officer.
- 3. Updated Authorization of above signatory to sign statement of intent.

Sincerely,

Wesley G. Byerly
