60 - DAY RESPONSE

Sir or Madam:

On September 18, 1996, the NRC issued Generic Letter 96-05, "Periodic Verification of Design-Basis Capability of Safety-Related Motor-Operated Valves." The generic letter requested that each licensee provide a written response within 60 days indicating their intentions for implementing the requested actions.

We are a member of the Westinghouse Owners Group (WOG) which has established a group tasked with developing a generic program for the letter. HNP will also be monitoring the program development efforts of the Boiling Water Reactors Owners Group (BWROG).

HNP will implement a MOV periodic verification program which meets the intent of GL 96-05 by March 16, 1997. HNP will submit the summary description of our specific program within 180 days from the date of the generic letter.

If you have any questions or need additional information regarding this matter, please contact Ms. D. B. Alexander at (919) 362-3190.
