Chairman Selin's comments on SECY-091-172, "Regulatory Impact Survey Report -- Final."

I concur with Commissioner Kemick's request for an update in a year on the staff's progress with the programs described in SECY-91-172. I also agree with Commissioner Rogers' comment on the necessity of having a method for continued feedback. The plan developed by the staff should provide for unfettered opportunities for licensees to make constructive inputs into contemplated NRC policies.
