SHEARON HARRIS NUCLEAR POWER PLANT  
DOCKET NO. 50-400/LICENSE NO. NPF-63  
LICENSE AMENDMENT 83 CORRECTED PAGES

Dear Sir or Madam:

On June 12, 1997, Carolina Power & Light Company (CP&L) submitted a Request for License Amendment for the Harris Nuclear Plant (HNP) regarding proposed changes to Technical Specification (TS) 6.0, "Administrative Controls." On October 7, 1998, the NRC issued License Amendment 83 to the HNP TS. CP&L's June 12, 1997 submittal contained editorial errors on TS pages 6-5 and 6-27. As such, CP&L is providing corrected TS pages.

CP&L requests that the enclosed corrected TS pages 6-5 and 6-27 be reissued for License Amendment 83.

Please refer any questions regarding this submittal to Mr. J. H. Eads at (919) 362-2646.

Sincerely,

MGW

Enclosure
