Dear Mr. Sells:

In as much as my name was included on the distribution of a letter dated April 4, 1980, concerning archaeology at the Susquehanna Steam Electric Station, I felt called upon to offer a few comments concerning the archaeology project.

In my opinion the quotation for archaeological survey work in the area described is rather excessive. I would suggest that a closer examination of the work necessary to perform a satisfactory phase I study of the area, be conducted by I.A.S. Atlanta.

Sincerely,

Dr. Barry C. Kent
