DEFECTIVE WELDS IN EMBEDS

Dear Mr. O'Reilly:

On April 21, 1980, the Region II office (Mr. R. Bradley) was notified by the Carolina Power & Light Company (CP&L) of a potentially reportable item regarding welding defects in AFCO supplied embeds. As indicated during a May 22, 1980, telephone conversation with your Mr. J. K. Rausch, CP&L has not completed its evaluation of this matter as related to reportability under the provisions of 10CFR50.55(e). It is now anticipated that this evaluation will be completed by June 16, 1980, at which time the NRC will be notified of our decision.

Thank you for your consideration in this matter.

Yours very truly,

N. J. Chiang - Manager
Engineering & Construction
Quality Assurance
